THE MAGYAR NEMZETI BANK'S 2026 COLLECTOR COIN ISSUANCE PROGRAM

The MNB reserves the right to change any aspects of the programme.

The MNB will set out the final data regarding the design, technical parameters and date of issue of each collector coin in the issuing regulations published in the Hungarian Official Journal (Magyar Közlöny).

From 9 February 2026, the Hungarian Mint Ltd. (Magyar Pénzverő Zrt.), the producer and distributor of collector coins, will offer a booking facility for the collector coins.

Based on the exceptional increase in silver prices observed since March 2025, the Mint applies market-based pricing to silver collector coins issued from 2026 onwards, instead of selling them at face value.

Newly issued gold collector coins are likewise released at market-based prices, in accordance with the practice of recent years, while non-ferrous metal collector coins continue to be sold by the Mint at face value.

Please refer to <https://penzvero.hu> for information about the rules relative to pre-orders and distribution.

Booking and purchases can be made at Hungarian Mint Ltd.
