The MNB launched the new programme of the FGS at the beginning of 2019, in order to increase the share of predictable, fixed rate loan products within the financing of investments. According to the data provided by participating credit institutions until 28 February 2020, they concluded loan or leasing contracts with 14,412 enterprises in the amount of HUF 430 billion. The actual outstanding – i.e. already drawn but not repaid – amount is close to HUF 330 billion. Within the new contracted amount, the share of new investment loans and leasing deals are 56 and 44 per cent, respectively. Micro-sized enterprises benefited from more than half of the provided funds.
